A wonderful experience every time I go to the Salon!! This last time I was very late due to traffic and when I called to let them know I would be late the receptionist assured it would not be a problem. When I finallyyyy got to the salon I was still treated wonderfully even after being late (which some salons are very rude about that). Lori is so amazing with hair, anytime I tell her what I want it always comes out exactly as I envisioned (cut or color). I've been to a quite a few other salons in recent years and nothing compares to Salon Envy! They really take the time to get to know you and are focused on you as a client rather than just trying to get you in and out the door. Always happy with my experience!

After researching many salons for my daughter I came across this salon with good reviews so I decided to take a chance and it was worth every penny. Nice people, very attentive and Ms. Katie (I hope I spelled it right) was really nice and gentle with cutting and shampooing her hair, that to me priceless. Well definitely go back for future cuts for my daughter. Thank you!

I had a very easy online appointment experience, loved that I could see all the available times. Check in was short and sweet, no hassels. My stylist was Wayne who was very kind and could really tell she knew what she was doing. She asked questions to make sure she understood what I wanted which was really appreciated. She really made sure to take her time to clean up my ends and even out the mistakes that were made on my last cut (not at Salon Envy.) The finish product was exactly what I wanted, she did an amazing job. I will definitely be back to see her!

I used a Groupon and was assigned a hair stylist who was new to the area and could not find any feedback on her online so I was a bit uneasy going into my first appointment. However, Kate was nothing short of amazing. She was very friendly, took her time given my after work appointment time and nailed the color and cut, which is easier said than done with a blonde with strong opinions. I highly recommend this salon and especially Kate!

I went to get a blow out which I know is \$40. As the stylist did my hair we decided she will use a curling iron to curl the ends. She did not tell me that we would be for an extra charge of \$21 until I over heard another stylist telling another client about an extra charge for styling with a curling iron. I immediately said, "I didn't know about the extra charge" to my stylist who was half way in to curling my hair. She said she will do it for me for \$15. I ended up paying over \$60. It's common protocol to make clients aware about the pricing up front and that's what I had expected. Of course, I didn't argue as she had spent more time with the curling iron. However, I was wronged and do expect compensation in the form of a refund. This is by no means negative feedback but an honest experience review.

While the person who did my hair was very nice, I left the salon feeling disappointed and underwhelmed. Highlights are fine although there was an early warning signal of potential problems. Client she was finishing when I arrived asked for re-do on her highlights and indeed, as a colorist she totally skimps on foils, etc. In terms of blow-dry: it was incomplete and only half done. She never worked with the crown, leaving me with flat top that wasn't fully dry. It's hard to call it a professional job. Plus, the back had an obvious ripple. It's too early to comment on the cut; will have to work with it a bit but based on the other aspects of her work, I'm a little wary.

Clean salon and host is pretty awesome. Offered me something to drink and was super friendly. I went in for highlights and came out with balayage highlights which looked okay when my hair was styled. When I got home and took a good look at my hair I was very disappointed. My hair stylist added highlights to my hair in a way that I can only wear my hair parted a specific way. If I were to put my hair in a pony tail or comb it back- it would look odd since only the left side on my head has highlights. If I were to part it down the middle I have the same issue. I also wish my bangs were smoother instead of unevenly choppy. Again after having my hair styled I was content with my hair which is why I didn't make it a big deal. I did however inform the stylist that it was not what I asked for and she was apologetic and assured me if I was still unhappy I could go back and get my hair fixed.

I am so pleased with my experience at Salon Envy. I requested a pre-consultation with Susan and we talked about my hair (style and color) for almost twenty minutes. Susan delivered on everything. The base color was well matched to my now-greying natural color, the highlights seemed the right amount and placement, and she was able to cut my natural curly hair the way it should be cut - in other words, she knows the proper techniques. The staff was extremely pleasant, too. Thank you!

It is always great to go to Salon Envy. Bebe is an amazing colorist/stylist. She always knows what will look better in you. Natalya's work is the best in town. My skin is prone to suffer allergies and bruises very easily and I've never had any of them since Natalya is doing my waxings. She is very careful with the products she uses and with her technique.

Went in for a hair cut, it was \$42.00, after a 25% discount, and I had to go home and finish cutting my bangs.... because she didn't do that, even after I asked her to cut them shorter. She said she would do a light dusting, uh no, I'm here for a hair cut?!

This was my first time at the salon, it's very nice and well located. I was treated very well and checked in right on time. I was very specific on explaining my hair trim experience, I get a very minimal hair "dusting". There's no shampooing, no product, no styling, no cutting. I explained that I sit down with dry hair and my stylist dusts off the ends and I am out of there in under 10 minutes. The stylist more or less did what I asked for the hair trim, I was done in less than 7 minutes. I went to settle my bill at the counter and they still charged me the full haircut price of \$60+. I asked for a reduced price as I received a trim, not a cut, but I paid the full amount plus tip in the end. All in all, the cut is average and I can't believe I paid that price. I was really looking forward to finding a new full service salon since I am new to Chicago. Unfortunately, I will not be going back as they do not provide the minimum services I need.

The stylist I came to see quit the day before. I was told I was notified, but I was not. The alternate stylist was a nice person, but isn't a good fit for me/my hair type. I didn't receive a great cut. This is the second time a stylist has disappeared/quit, and frankly, I'm very disappointed in Salon Envy.

I've been getting compliments from my balayage highlights at work all week! They are so nicely painted on my hair so that if I let it grow out, it won't look too blunt. I think Stella did a great job on my virgin hair and I'll definitely be back for a follow up Appointment! I gave her card to a friend who was also looking to make a change to her hair. I had very dark hair going in and came out with perfectly sun-kissed tresses. Stella was pleasant and accomodating in general, too, and asked me questions about what I wanted before doing anything. Will be back again!

Asked for a very specific haircut and was given one at least 3 inches shorter. I am a 23 year old active girl and my hair now doesn't even fit in a pony tail. I have to pay to get extensions put in next week. When I told Rebecca my concerns with how short it was she first said in excitement "yes it's this cool technique I thought I would try on

you" and then when she saw I was upset told me I was probably "just not used to nice haircuts" because I just moved to the city and that I should be happy I finally got a real haircut. When I kept trying to style it with my hands once we were finished she told me sternly to "just chill out and leave it alone." She never offered any advice on what to do or how to fix it. I don't understand why she asks what you want done when she ends up doing whatever she wishes anyway. I've read at least 2 similar reviews on yelp with women having the same experience with her.

I love Zachary!!! Very professional and knowledgeable. I love how Zachary took his time with my hair, first he assessed the condition of my hair, gave recommendations on what hairstyle would be best for my need and shape of my face. I never thought I could wear a shorter hair style but my hair looked amazing after he was done with it, I left feeling really great! He also explained what products I need, gave tips to manage dryness. I love that he showed the different styles I can do with my hair. Very pleasing and attentive receptionist - Megan.

I asked my stylist not to cut my hair shorter than the right side of my head (as the left side was longer) and she ended up cutting both sides and I now have a short pixie cut with no style to my hair. It looks terrible and I was too nervous to go see anyone else to have them fix it. I now have one side of my hair slightly longer than the other and I'm honestly embarrassed about my hair.

Review for Rebecca McGinnis

Upon arrival, my stylist introduced herself. I had a consultation with her the week prior that she had no recollection of and went straight back to the computer. That should have been a red flag, but it didn't bother me since they see a lot of clients; we once again went over what I want. The cut and

color were specifically what I said I did not want. I asked for a subtle touch-up of my roots that would not be dramatic as it grows out. Instead, all of my natural caramely tones were highlighted a bright, almost white, blonde. As for my cut, I had asked for a trim/something a little shorter, but told her with my thick hair I did not want anything too short. 3 or 4 inches later, I walked out of the salon with a cut above my shoulders. I am incredibly dissatisfied and will certainly not be going back.

The stylist took over 3 hours for single process highlights. Also while the color is nice the highlights are blonde versus carmel. It covers the gray hair as requested but my roots are dark and this will not grow out well as it's very different from my base color. THIS was discussed but I think she struggled with how to accomodate the request and the one color I asked not to have is the resulting blonde I received.

Review for Matthew Scothorn

I love Salon Envy and my stylist Mathew is amazing! I have been a client with him for almost a year now, and its truly been the best change for my hair! I use to leave the salon disappointed but since coming to Mathew at Salon Envy, I always walk out with great hair! I drive an hour to get to the salon but he is that good and completely worth it. He is professional, greatly talented, and always takes his time to make sure we are both on the same page with what look I am trying to achieve. One of the best things about Mathew is that he doesn't communicate one thing and do another. He is

honest about what it will take to achieve the look your after, and he delivers as he says. Overall I hold this salon in high regards, and recommend it to anyone who wants quality service from talented professionals.

Review for Christine Rubino

This was my third time at Salon Envy and I'm so glad I keep coming back! Not only is the staff extremely friendly and accommodating, but the services provided are amazing. I came in wanting to slowly transition into a full, bright blonde again, after rocking an ombré look for a year and a half. Christine talked me through what the process would look like, explained why she would take these steps, and broke down any options I had. I'm in love with the results, and can't wait to see what the finished product will look like, in one or two more sessions. And did I mention that they always have promotions, on top of already affordable pricing?

Zachary took my color to the next level. He understood how to best suit the color to my skin tone by leaving my roots dark and graduate the color to light at the ends. It's a synthetic color, but because it's based red, I can wear it to work. I get the best of both worlds, fun and professional. Best of all, I feel like I have an original color that very few people have. I love it!

i was greeted with a smile and an offer of coffee or something else to drink [in addition to a canister of cookies +++] my coat was taken and i read a magazine for a few minutes while waiting for my stylist; long enough to enjoy the first sips of coffee, but not so long i was pacing. as always, my stylist was outstanding [she has been my stylist for many years to the point of following her if she changed salons]. the check out process was clean and smooth and i was able to do an advance booking without problem.

from the first phone call, the experience at Salon Envy was the best I have experienced. I was able to get an appointment the same day. The salon is beautiful with lots of product to look at. I was offered tea and was catered to as if I were in a friends home. Then I met Zackery. He is the best stylist I have come across! He washed my hair and gave me a conditioning treatment that was awesome. My hair felt like silk and the head massage was fantastic. Normally I cant wait to get out of the salon, but I enjoyed the experience immensely. Zackery made sure he knew what I was looking for in my new haircut and took his time to deliver a transformation in my

appearance. I love my cut, my hair looks healthy and shiny, he provided me with guidance to buy some products that would help me recreate the style he gave me. At checkout I was given coupons for my next visit and I even purchased a pair of cute earrings at the counter. I would highly recommend Zackery for your next hairstyle, he is a credit to his profession.

Review for Rebecca McGinnis

I want to start off by saying Rebecca was really sweet. So we're your front desk staff who were welcoming and accommodating. I came in on a groupon, something I've never done before and was nervous to do, however I was hoping to find a new hairdresser that I would click with. Unfortunately my hair is not what I expected. My hair was quite blonde when I came in as that is the color I typically keep it. I asked Rebecca for a bronde look (brown/blonde trend) that would still maintain my blonde but carry me through the summer. She assured me that she would satisfy my request. I was also looking to get my hair cut and add some volume with layers. Well my hair is now brunette with no trace of the blonde. The ends of my hair are already starting to look ashey/green in tint as she toned my hair with what I can only imagine was a darker brown toner, which I've learnt from experience once placed over blonde can cause the greenness. My haircut is all over the place, with pieces that are clearly longer than others when laying flat making it impossible to put up into a ponytail without looking ridiculous. Like I said, Rebecca was really nice however She was not the right fit for me.

What else but always the best with Lori my stylist and Heidi the receptionist. Susan has a premier salon enterprise. However there still remains some check out billing problems with my account exceptions/discounts, so I would assume the same for many other repeat customers. Their accounting/billing system needs to better synchronized with the customers' scheduling service system so there is absolutely no embarrassment at check out time. This has nothing to do with stylists' tips.

My experience started off not kinda great as when I got there (as a 1st timer) my stylist was running about 30 - 40 behind so I had to reschedule but chose to be scheduled with another stylist. Upon my return they did provide a complimentary treatment for the inconvenience of my first visit and the stylist I chose to go with was absolutely awesome! She did a great job on my color and an outstanding job blow drying/styling my hair. Yes, very pleased indeed :-)) Would totally recommend you go see Christine! You won't be disappointed.

I have been going to Salon Envy since I moved to Chicago which was 3 years ago. It is always so hard to find a new salon and stylist that you trust. I also never was one to highlight or color my hair and decided to try ombre out last summer. Matt, did an amazing job and I recieved so many compliments on the color and cut. Everytime I leave Salon Envy I feel happy with the outcome of my hair and also enjoy Matt's company for the hour-hour and a half that I am there. Everyone is welcoming and provides great service to their customers. I would definitely recommend Salon Envy and have to anyone that wants a great salon experience.

Review for Christine Rubino

I have been to Salon Envy three times and have never been completely satisfied with the service. The first time my cut was terrible, so when I came back a second time I tried a different stylist. He did a great job, but the salon had mixed up my file with someone else's, resulting in a lot of confusion with the stylist about what I had done with my hair in the past and in my getting an email that I had been a no-show for my appointment. I tried again yesterday and again had a bad experience, this time with Christine. The cut was fine, but she did a terrible job styling--I could have done better myself at home. I have very thin, fine hair, and yet she didn't put in any volumizing styling products or use the round brush particularly well. Also, just before she finished drying, she noticed some pieces she wanted to snip, and then forgot to go back to drying, so I left with a damp patch in the back. I don't think I will be back.

★☆☆☆☆ by Glennie Janssen on 2015-02-16

I've never hated a haircut more after going here and have never wanted to turn back time as badly as I do now. I cried for hours when I walked out the door. The stylist

Christine was perfectly nice but did the exact opposite of what I asked for. EXACT OPPOSITE. I wanted a long blunt bob shoulder length. I showed her multiple pictures and pointed to a stylist in the salon and said "that's exactly how I want my hair to look." I'm not sure where and how she got confused. She chopped so much off and put in the ugliest layers I've ever seen, so short I can't put it in a pony tail. She put an extreme asymmetrical angle in the front too which I never asked for!! I told her I have poofy, thick, curly hair. Why she thought putting the layers in would be conducive to my hair blows my mind. By the time I saw what she was doing it was too late and I but my lip watching her chop more and more and more hair off. I now have to straighten it every day, which I told her I did NOT want to do. I want every penny back. I will never be going back here again and plan to take hair growth pills every day until this ugly sin of a hair cut grows out to a normal length.

Review for Dana Holthusen

The salon's staff was very warm. When I checked in, my coat was taken and hanged. I could smell and see fresh coffee roasting. My wait wasn't long at all. Regarding my service- hands down Dana provides thee BEST Brazillian waxes!! I love how she does an excellent and thorough job making sure everything is very clean. For some reason, they don't hurt when she does them. My ingrown hairs were picked without me bringing it to her attention. She did my very first wax and it was amazing! I called everyone I knew suggesting they go to her because of the wonderful experience. Fast forward 2 years- because of the distance, I began trying other places. None compared! When I went back last weekend for my 2nd wax from Dana it was definitely nothing less than great. When I left, I did not have the pain sensation I have felt from previous waxes at other places. The only bad thing is I was told Dana is leaving and she was the reason I was going to frequent the salon more.

Susan gave me a great haircut . I asked for a short hair cut that was evenly layered and framed my face, easy to maintain, and made me look put-together. That is exactly what I got. I couldn't be happier and highly recommend Susan.

Absolutely love Nataliya. I have been going to her for a little over a year now and I honestly can't imagine switching estheticians ever again. Extremely professional and friendly and the spa is always clean and well-kept. Brazilians are a little pricy but that is the same for any salon in Chicago and waxing pays for itself in avoiding the hassles of shaving. Love Salon Envy!

Review for Leah Achey

I had been looking for a new stylist and salon, and by the time I called Salon Envy I couldn't live with my hair another day. I was hoping to be able to see someone that morning and was expecting attitude when I called to ask. Instead I was warmly greeted and told that Leah would be able to fit me in for a cut and color in just a couple of hours. I had read reviews online about Salon Envy and there were many, many very good reviews on what seems like everyone who works at the salon. When I met Leah she was incredibly nice (as was everyone else). She listened to what I wanted to do (cut about 10 inches off and highlights) and did a great job. She showed me several ways I could style it at home and used some new products that I loved and

ended up buying. I had such a pleasant experience I brought my son in a week later to Leah and got his hair cut as well. He was thrilled and asked if next time he gets it cut if he can go back there!!

Review for Leah Achey

(I wrote the same thing in my yelp review!) Ooooookay so I pretty much only write reviews when places are really amazing or really terrible. In this case, it was AMAZING. Seriously you guys Leah is the best. I was super nervous because I'd had some not-so-great experiences in salons, but I read some great reviews for this place and it was close by so I gave it a shot. Nick was super helpful and adorable on the phone setting up my appointment, and was in person as well. They offered beverages and made me feel comfy and relaxed right from the start. Leah walked out with a huge bubbly smile on her face to greet me! And we proceeded to start talking about what I was looking for. I had pictures of the cut I wanted but wasn't sure how to achieve it. With one glance Leah knew exactly what it was and proceeded to EXPLAIN in DETAIL what she would do. I could tell she really had a passion for figuring out the best look for each individual. She made me feel so comfortable, and after a minute or two I could tell she really knew what she was talking about.... So... I started talking to her about possible highlights, which I had been thinking about for a while but was not planning on because I was super nervous about it. She casually made some suggestions that I ended up loving, and by the end I said screw it! Let's do it!! (I want to make it clear that she in NO WAY was pushy with me AT ALL. Just super helpful and I made the decision on my own). So she did her thing and we talked a lot about random stuff but also the trends of the last few years. This is clearly her passion and she is incredibly knowledgable. There weren't any questions that stumped her and there wasn't really a lull in the conversation. You just keep wanting to talk with her because she's so freaking sweet! I was thrilled with how my hair turned out and just the whole experience. She's been doing this for 18 years and the only reason she isn't totally booked up yet is because she just moved back to Chicago in June after 10 years in North Carolina! You guys, go see her. She'll give you the best hair and the best day!

Review for Dana Holthusen

The whole experience was great with a few minor let downs. I had gotten a brazillian wax but when I got home I noticed she left some hairs towards the bottom and my behind region. Maybe that's normal but I thought the whole concept was to b bare down there. I mean she still did a good job and was very quick. Not to mention she was very nice she kept a convo so I wouldn't feel a thing and I didn't feel judged at all.:)

Review for Nicole Gelbart

I haven't had my hairstyle changed in quite a few years and I wanted an easy wash and go style. I brought photos of what I liked to show the stylist. Nicole was awesome! We discussed options for the cut, color and highlights then got to it. She informed me what she was going to do, what products to use and what the benefits were, and how to do a quick style. She was very professional and extremely friendly. I would highly recommend Nicole.

I had such a great experience at Salon Envy! Christine took the time to really understand what I wanted, and she explained to me what she was

doing at every step of the way. I was completely satisfied with the results! In addition, the atmosphere is clean and modern, but very inviting. I was offered water/coffee/tea when I checked in, and when I checked out, I was told about product specials and given coupons/free samples. They also have a great promotion that gives you \$10 off if you pre-book your next service. I'll definitely be back!

Review for Lori Jaramillo

The people that work there are super nice, but I wasn't happy with my hair color. I asked for an ombré and my hair looks almost the same exact color as before I went in. I like the haircut, but the color sucked and I definitely don't think it was worth \$250. And now I have to wait to go get it colored somewhere else because I spent so much money at salon envy. The best part of my experience there was the receptionist nick. He washed my hair for me and he was very personable and funny.

I have been going to Mandy at Salon Envy since 2013, After my roommate recieved a pixie cut from her. I also had a short due at the time so I felt confident she knew her way around shorter hair styles. Now that my hair is growing out I wanted to try something new but had no idea what direction I wanted to go. Mandy was extremely personable and was able to suggest many options and styles from the pictures I brought in. I am so happy with my highlights and I have recieved so many compliments already. I will definately go back for another cut and color.

I am so happy I found Salon Envy. We recently moved to NW Indiana and I hadn't found a stylist I was happy with. I absolutely love Salon Envy. The atmosphere is great, everyone was very nice and courteous. Matthew J is very knowledgeable; he colored, cut, and styled my hair and I love it! I needed to have my grays covered, and the color Matthew used is beautiful. Before he cut my hair we talked about the style and what color highlights I would like. This is the best cut I've had, and I can't wait to go back in April for Matthew to do my highlights. I was there on my birthday, and the whole experience was great!

The people are nice and the stylists are great, but it is SO NOISY in there. The layout of the chairs is not conducive to having a conversation with your stylist. It's not a relaxing environment. I've been to salons with a lot of chairs, but there is usually some kind of separation so you don't have to yell when answering a stylist's question.

Matthew was amazing!!! I have straight limp hair and needed some volume and wave. He gave me a wavy beachy perm, that I've been longing for but to scared to pull the trigger because of the dreaded word (PERM!) but he did an outstanding job! His knowledge of hair and overall experience in the hair field made me feel secure. I'm pretty sure giving a perm and getting one is probably the same amount of stress.. Needless to say, it came out great and it wasn't the torture that I was anticipating... I will be back to get my refresher from him. Oh and I almost forgot, as a new customer you receive 20% off which I didn't even have to ask for! That really made me feel like this was a great salon that wasn't trying to get over on your pocket book, but provide excellent service with a little reward so you will be a return client : ) Thank you Matthew and Salon Envy! ; ) Gianna

Review for Michelle Fleming

My experience at Salon Envy was absolutely wonderful! The receptionists were both very kind and helpful when I first came in as well as when I was leaving. As always, Michelle did an AMAZING job on my hair--it hadn't been cut or colored in FAR too long but I showed her a picture of what I wanted and she did her absolute best to match it...I couldn't be happier with the results! Excited to come back in 6 weeks for my next appointment!!

Review for Mandy Zehnder

Mandy was awesome! She did a wonderful job, and I am happy with the results. The reason I gave the salon a 3/5 is because of miscommunication provided to me by the receptionist. Saturday morning I had called to schedule an appointment. The receptionist had asked me if I had been referred to salon envy, I replied yes. She then told me I would receive 50 percent off my services today. I thought "wow" that is a great deal, very shocked I even asked again, and she confirmed. She then asked if I wanted a haircut along with my highlight. I typically do not get haircuts at salons, but because of the deal I said "sure why not, if it is 50 percent off." As I was checking out, after I received a fabulous cut and color from Mandy, I was told by the receptionist (not the same person I spoke with on the phone) - that I was wrong and only that if I had services done by the same person who had seen my friend. I then politely said, what had happened earlier and that I would not have gotten the haircut if this was not true. The receptionist said okay we will honor that- or something along those lines. She rang me

up and charged me 145 for the cut and color. I was confused, because again I thought I was being given the 50%deal, and questioned the lady. She simply just said I gave you \$30 dollars off. Okay so what it comes down to is, I was very upset and feel the customer is always right. I am an honest person, and even questioned the receptionist over the phone to make sure I was hearing what I heard. I would for sure recommend Mandy she was great and did a great highlight- however in the front they may need to get it together a bit so this doesn't happen again.

Review for Bebe Morso

I go to BeBe and she is great! She has been helping me grow my bangs out....which is an awful process. But she trims them to look as good as they can in that "awkward stage" and has given me tips on how to style them until I can tuck them behind my ear. Thanks goodness for Bebe! She is a pleasure to chat with while getting my haircut. Very down to earth and friendly!

I used to live around the corner from Salon Envy when I was a resident of Lincoln Park. I figured I would just stop by because they always had great promotions. About a year ago, I moved to River West, but whenever I need something done with my hair I always make the trek back. Not only is the salon clean and welcoming, but Bebe, the girl who cuts my hair always does a phenomenal job! I would recommend it to anyone, great quality service and the price isn't too steep!

Review for Correne Gerhartz-Salm

As always, I had a wonderful experience with Correne at Salon Envy. She's been cutting my hair for years and is SO great about giving me what I ask for, but also suggesting new things to try. I've NEVER left her chair wishing I had something different, and she's been great in helping me transition from an "almost pixie" to finally having long hair. I don't think I really ever had an awkward phase in the grow out process thanks to Correne! :)

The salon is very nice, clean and well-maintained. It wouldn't have bothered me that I wasn't greeted/acknowledged in any way if the staff on hand had not been so involved in gossiping with each other and more service-oriented. I was satisfied with the cut; it wasn't anything special, but not bad, either. What I really didn't care for, however, was that after I had to dig for my credit card and thus, made the girl wait, I got a lot of attitude for it and it was really unnecessary. I won't be coming back.

Review for Bebe Morso

I have passed by this salon many times in the 2 years I have lived in the neighborhood, but did not stop in because of my preconceived notions about Lincoln Park hair salons (too expensive overall). I was pleasantly surprised by the consultation and haircut I received from my stylist, Bebe. My haircut looks great and the price was extremely reasonable, especially with the \$20 discount I received as a referral. This prompted me to purchase two products Bebe recommended, and to also book an additional appointment for hair color. This was one of the better salon experiences I have had in Chicago; not only did I get a great haircut, but I found a stylist who is talented and very transparent about her fees, and I was shocked at the reasonable prices.

Review for Mandy Zehnder

While everyone in the shop was very nice and lovely, I'm just not in love with the result of my highlight appointment. It would have been nice for the hairstylist to tell me exactly what she was going to do (why she was placing the foils where she was placing them) and what the result would be. I'm also pretty sure I paid for a toner service and that wasn't given as an option (I used a Gilt City coupon - it seems as though the hair stylist wasn't told what to expect for her appointment, though the front desk knew). While lovely, it seems a lack of communication hindered this appointment from being great. So long as you know to really take charge of your own appointment, I'm sure you'll be pleased with your service. If you plan on getting the professional opinion, you will probably be left wanting.

Review for Jamier Rindt

I was not happy about my service to be completely honest. My hair is fried from the lightener (I sat waayyy too long with it on since she was busy with a new client and the shampoo tech was busy as well with another client) and my stylist was not interested in me as a client but rather her fellow stylists and their clients. She wasn't very helpful in giving advice about what I wanted in a color/cut, and kept saying "Last time you were here..." but this

was my first time I had ever been there. I also was disappointed with her when she gave me a towel to clean-out my own ears from the red toner, but I had to mirror to see what I was doing! Finally, I had said when it came to the cut to clean up my ends and give me face framing features since I was growing-out my hair; but instead she just trimmed the back and said she would finish the front when it was dry, but she just picked-up a few pieces and texturized instead once dry rather than what I had asked. I actually walked-out crying from my service because I was not happy at all.

I have been with Rachel for almost a year now. She is the stylist we all wish for! She first sits and talks with you to find out your routine, your likes and dislikes about your hair and what you are looking for. Then there is the perfect haircut. Even after I could not make it back for three months (medical reason) my cut was still perfect! She is not only an awesome professional stylist but a great person too. Rachel rocks!!

Searching for "the right" salon in Chicago can be a long and tedious adventure; however, if you go with Salon Envy you will not be disappointed. I made my appointment via their online scheduling (which I personally loved) on Tuesday and was able to make an appointment for the following Thursday. With having such a short amount of time before my appointment I wasn't really sure exactly what I wanted to have done upon my arrival. I was scheduled for a partial highlight with Matthew and arrived early for my appointment. Upon my arrival I was greeted by Matthew by chance and his great customer service prevailed immediately. From the beginning to the end of my appointment he talked me through what he was doing and what would be best for my hair in the long run. I am beyond happy with the results and would recommend his services to anyone. Thanks again Matthew!

I have a call into Susan the owner as i feel it is important enough to comment on the rude, extraordinarily obnoxious and unprofessional experience from Matthew J in Envy . As a loyal customer, i have never been treated that way in any place of business. the feeling of being verbally attacked when told to get out of the salon and to go to sink to have color washed out was followed by a very angry and harsh application of color. In retrospect i should have removed myself from this situation. The salon is lovely. Perhaps a better training of those hired would be helpful. I am hoping to hear from ownership soon. She was unable to come to the phone when i called.

After having such a horrible experience at another salon it was refreshing to visit Salon Envy. From start to finish I had an excellent experience and Correne was just incredible. I came in completely distraught over the state, condition, and look of my hair. Correne transformed me and I walked out happy and confident. I recommended Correne to a friend of mine who came into Salon Envy this week to get her hair done and had nothing but positive things to say. She, too, was very happy with her experience.

I have had my fair share of salon experiences; and have been on the hunt for a new stylist and salon for several months now. I did some online research about Salon Envy and thought I would give this one a shot. Upon entering the salon, I was immediately greeted by the front desk representative, who was happy and positive which was a great first impression. Not to mention she was assisting other guests, but still made time to greet me, offer a drink, took my coat etc. My appointment was with Mandy, for an all over color and cut. Immediately Mandy made me feel like she was the expert; conducting a very thorough consultation and was very attentive to my needs. I appreciated her recommendations based on what I shared, and her clarifying questions to ensure she had a full understanding. Meanwhile, the environment of the salon was pleasant and welcoming, and not to mention very clean. While my color was processing, Dana, who I was to meet with after my hair for an eyebrow wax, had a cancellation and was able to get my wax done during color processing. Dana was amazing as well; she explained each detail of what she was doing, provided tips for maintenance, and discussed rebooking timeframes. When my color was finished processing, Mandy took me to shampoo. My expectations were exceeded when I asked what kind of shampoo she used, and she told me she used the sulfate free Color Minded; which I mentioned in my consultation that I was moving away from sulfate shampoos. To know that every detail was considered spoke volumes to me as a customer! My color turned out great; and Mandy did a wonderful job on my cut and styling. She taught me about some new products, which I purchased solely based on her recommendations. Upon leaving the salon, I was thanked for my business (you would be surprised how often this step is missed at other salons) and given coupons for next visits. I was encouraged to refer friends, and we went ahead and booked my next appointment. Overall from start to finish this was a great experience, and the kind of experience I have come to expect. From the convenience of online booking, educated staff, great atmosphere and great products; I say this salon has by far exceeded my expectations. Proud to say this is now my new salon!

I went to Salon Envy for full hair color, single process. The service was fine (I'd save average, given my rating), but I did feel very mislead when it came to what I was charged. I was never informed that a blow out was additional charge or that I would be receiving a deep conditioning charge that was additional as well. It was extremely rude and unprofessional to not ask me if I was okay with these charges. Given the service and this feeling of being "scammed" I will not be visiting this salon again. I have never had to ask a stylist what exactly I was being charged for - here you do.

Overall my experience was good. I love Jaime she is great. However this is the 3rd visit that I have come and been over charged for something after I have asked for a quote ahead of time. It seems like there is always a surprise that I am being charged for that is never mentioned at the time of service. I'm not really happy about that as I've been getting my hair highlighted for years and have never been charged for a 2nd color or Toner if they are used. So at this point I'm not really sure if I'm going to be coming back to this salon.

Salon Envy has finally become my go-to salon, after searching for the right salon & stylist in Chicago for 3 years. Bebe, my stylist is friendly and does a fantastic job. I'm one of those clients who always needs advice or help making a decision and she always works well advising me and executing a solid hair cut. The salon is contemporary and obviously clean with a positive atmosphere. The employees at the desk are friendly and helpful. Everybody knows what's going on and is able/willing to assist (or even grab you a coffee if you're early!) They also encourage you to set a next appt at time of payment, which helps me to ensure I don't get too shaggy :) 4.5 stars because a haircut is \$50-\$60. Expensive in my world, but I didn't grow up in Chicago. That's market rate, it's just one of those things that I still haven't accepted :)

My Only complaint is that the front desk does not provide itemized bills/receipts. My last visit came to over \$200 for highlights, a cut and the two small redken bottles. It was pricier than I had anticipated - And I feel I may have overpaid. In any case - please provide itemized receipts so that your customers know exactly what they pay for and why. My stylist, Michelle, did a great job, she listened and made good suggestions, then did exactly what we talked about, Not something totally different. The place is very clean and the satellite music station was cool. (No annoying loud commercials). I only gave it four stars because as I sat in my chair getting my hair done, the person next to me was also getting her hair done and wasn't exactly happy with the results. She was trying to express what she wanted (very politely) but every time the stylist walked away she would roll her eyes and act very unprofessional. One of the quickest, painless Brazilians I've had. I get them regularly and Natalia was great! She really knew what she was doing and was extremely fast and thorough! I would definitely come back here again, and you can't beat the special \$39 price they were offering this month!

I had never been there before, so didn't know what to expect, but it was awesome! Nataliya did a great job on my brows and gave me exactly what I asked for. Rachel did my hair and gave me a FANTASTIC cut! I don't have to style my hair in the morning, it just falls into place! Everyone there was really nice, not stuck-up, but also professional and definitely cares about what YOU want, not what they think you should want. I'll be back

I've had problematic hair all of my life. What's worse, I've never been able to hold onto a good hair dresser that can make it work. I was going to Sinequanon for years, but my stylist moved. I found Susan at Salon Envy on the recommendation of a friend. She's cut my hair six times now and every time she gets better. My wife compliments me now when we go out and I feel great.

Just visited Salon Envy on Monday. As always, I was very happy with Matt's work. He really listens and gets it right. It took me a year and a half to find a good colorist in this

town! So glad I stumbled on Matt. I also love the peaceful environment--very clean with coffee or tea and cookies, tons of good magazines to get lost in. Very relaxing, positive experience.

I haven't been to a salon in this neighborhood since I moved this past summer, and I was extremely happy with my appointment this past weekend. Bebe was so warm and nice to talk to, and was very reassuring about my haircut choice. At the end of the cut, I was on the fence about whether it was short enough or not and she offered for me to come back if I wasn't happy. I ended up going back the next day and she was just as great. I have already recommended her to 2 of my friends and can't wait to tell more! Thanks Bebe!!

My first time at Salon Envy was fantastic and I will definitely be back. I worked with Susan who was super knowledgeable about all of the products they had available and what would work best with my hair. She gave me a great hair cut and I felt like she really cared about how it looked. She made several adjustments and was meticulous until we both decided we liked what we saw. It was wonderful to have her really listen to what I was saying and she gave me exactly what I was looking for! I would recommend her and the Salon to anyone looking for a great cut and wonderful service!

Dana was great with her services. I had a facial and brazilian. She was very attentive, thorough, and made sure I was comfortable. The receptionist, however, could have been nicer and a bit more welcoming. She helped someone when I walked in, got him his coat from the closet, and took her time. When I left, there was no one waiting, she rushed payment, and then told me my coat was in the closet.

I went to Salon Envy with after a horrible haircut experience. It was too short, completely uneven, and horribly highlighted. I was sure there wasn't anything to do but wait for months for it to grow out. I went to Jamie (after my roommate referred me) and I left her chair so happy. I actually am wearing my hair down. She did an awesome job on the color, and she literally made something out of nothing with the cut. I was so impressed and so thankful. I will be seeing her from now on!

What a great place. I came in for my appointment and was greeted right away, my coat was taken and hung in their closet, and a drink was offered. Mandy was my stylist and she was awesome! I've been looking for a hair stylist that actually listens to what you want AND provides input as to what will work/look best. I always feel more comfortable making changes to my hair when I have the professional giving some input/suggestion rather than just doing whatever. It felt like I had a true consultation to start with before I had my hair dyed and cut. I felt comfortable knowing that I was in good hands. During the process Mandy was very nice, and easy to talk to. Not only that, everybody working there had a smile on their face (even after coming back to work from the Christmas holiday) and the salon is clean and beautiful. I had no trouble finding a parking spot on the street, though I wish there wasn't a meter to pay (but....it's Chicago). All and all...a good experience.

I have been going to Salon Envy for about a year now and they keep me coming back. I was incredibly surprised at the bad yelp reviews as my experiences have always been the opposite. I always feel welcome and taken care of. They offer special deals to new customers, but also to keep the current customers coming back. As soon as I walk in, ask to take my coat, and ask if I want anything to drink. (Tea, water, coffee or even wine!). And My stylist Michelle. I can be incredibly anal when it comes to my hair. I remember the anxiety of trying a new place with a new stylist when i first moved to Chicago. Michelle was so patient and took a lot of time with me even before starting to make sure i got exactly what I wanted. And she continues to do this every time I see her. 4. Nancy. Not sure exactly what her title is, But she keeps me feeling young and makes me smile. She always dresses super trendy, is incredibly sweet, has a super fun and bubbly personality, and gives the best head

massage! 5. When the owner finds someone to be rude or unprofessional, she she lets them go. that speaks to the kind of salon experience that is valued.
